# TALKING WATER

- Do you want to preserve the unique informal streetscapes and vegetation of Merricks Beach?
- Have you experienced water logging, flooding or poor drainage?
- Are you interested in Merricks Beach being a model 'water sensitive' community?
- Come and talk to us about your concerns and ideas!

## WHAT ARE YOUR STORMWATER ISSUES AND OPPORTUNITIES AT MERRICKS BEACH

Merricks Beach Residents  
Association (MBRA)

Friday

## 24TH JAN 1PM TO 4PM

@ MERRICKS YACHT CLUB

The MBRA is working with Melbourne Water, Mornington Peninsula Shire Council, and Wave Consulting to develop a long-term strategy for managing stormwater and drainage at Merricks Beach. The strategy will address issues while preserving our unique streetscapes and the coastal environment.

This will be a drop-in style meeting for you to share your concerns and ideas directly with Wave Consulting. Feel free to arrive at any time during the afternoon, or contact Wave via [info@waveconsulting.com.au](mailto:info@waveconsulting.com.au) to complete an on-line survey if you cannot attend.
