

Conservation Days

All interested people and groups are invited to
come and lend a hand at

Emu Plains Reserve.
58 Coolart Road, Balnarring

2026 Dates for your Diary:

Saturday 20th June
Sunday 9th August
Saturday 10th October

From 9.00am -12.30pm. Lunch Provided
Meet at Race Club Car Park

It's a Pittosporum Cut, Dab and Pull!

Pittosporums are environmental weeds that aggressively invade native ecosystems and disrupt biodiversity, they shade out native plants and alter soil conditions. Pittosporums have spread far beyond their natural range leading to concerns of their impact on local bush and coastal flora.

Come help us eradicate Pittosporum in the bush at Emu Plains Reserve.

Bring chainsaws, fuel, battery saws, garden forks, dab brushes
your PPE gear, mask, eye protection & gloves,
Herbicide will be provided for dabbing.
Head numbers, and weeds culled will be tallied on the day.
